

3rd / 4th Class

1. A child ticket to see Longford Town FC play at Bishopsgate costs €5. If I have €50 how many tickets can I buy?
2. The match programme is €3. How much change will I get if I give the seller €20? What if I bought 3 programmes?

Time for a little break! Design and colour your own version of your club kit- home and away. If you need help with your club colours check out your club's online shop or website.

Jersey- €30

Shorts- €20

Socks- €10

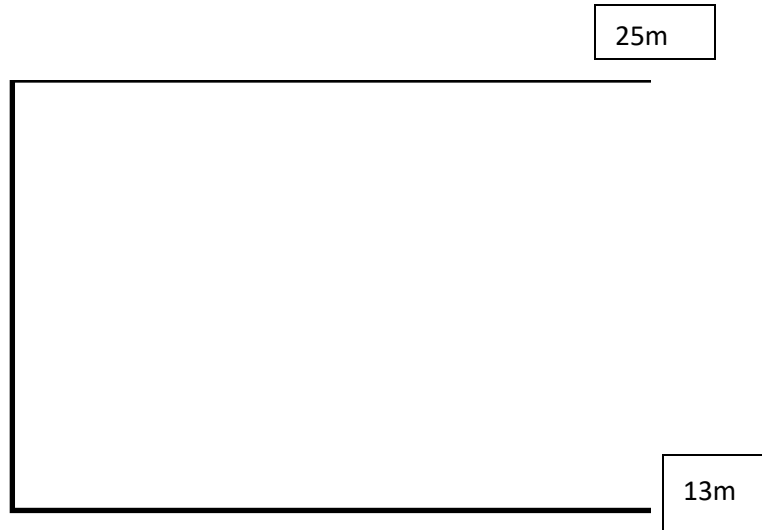

3. (a)How much is a jersey?_____ (b)How many could I buy with €70? ____ (c) Would I have any change?_

Maths

Measures

4. (a) Could I buy shorts and socks if I had €20? _____ (b) How much more money would I need?
5. If you had €50 to spend what would you buy? Would you have any change?

5th / 6th Class

1. This is a plan of the Bishopsgate dressing rooms. Calculate both the area and perimeter of the room.
2. If the door was placed at x where would you place the showers, toilets and benches? Mark them in the plan and give reasons for your answer.

Extension Work

3. Bishopsgate has 10 types of rooms: Boardroom, Manager's Office, Toilets, Shop, Ticket Office, Kitchen, Lounge, Laundry Room, Kit Room, Referee's Room. Write a list from biggest to smallest and discuss your reasoning with a partner.

4. Draw a plan of each room using the plans below. The rooms may be an outline or contain as much detail as you would like to see in a plan.
